DEALER LOCATOR

Our consumer website, **GEAppliances.com**, has over 3M monthly visits from consumers. The GE Appliances Contractor Finder is an advanced contractor directory that allows consumers visiting GEAppliances.com to easily connect online with GE Appliances Plumbers. GE Appliances teamed up with ServiceWhale to build a sophisticated contractor directory to help capture the brand-aware consumers visiting GEAppliances.com and convert them into highly qualified leads for GE Appliances ProSolutions Partners. Every GE Appliances pro partner receives a custom "Online Storefront" or profile to showcase their business on the Contractor Finder. Everyday homeowners and business owners alike will be accessing the GE Appliances Contractor Finder to get information on local contractors and request help for installations, repairs, and replacements.

Pro Solutions Partners will be able to purchase the Advanced Profile. The Advance Profile includes the following features:

- GE Appliances's instant quoting technology that generates REAL custom quotes on water heater/plumbing replacements for interested homeowners!
- Automatically collect the homeowner's contact information, project details and pictures in real time, turning them into extremely qualified leads who are ready to buy!
- Highly customizable and can be configured in a way that complements all styles of selling
- Fully integrated CRM system designed to organize, manage and track *all* your business' contacts
- Communicate w/prospective homeowners using our real-time online messaging Request a Phone Call & Request a Visit notifications from homeowners.
- Option to deploy a quoting widget on your own website or Facebook, allowing homeowners to request custom quotes for water heater/plumbing projects directly from YOU.

Beyond our organic traffic, GE Appliances Air & Water Marketing team is investing in paid search to drive meaningful traffic to the locator.
