PXRQ800YBB

Key Features:

- Smart System with Leak Detection
- Reduces 95+ Impurities including Lead, Total PFAS, and Microplastics
- Compact, Tankless Design
- Easy Filter Change
- Matte Black Faucet Included
- Filter Kit (FQ800KIT) Included
- Filter Change Notification
- Standard 120V Required

Compatible Filters – FQ800KIT

First filters included with system

Faucet Include	Yes, matte black
Included Filter	FQ800KIT
Filtered Water Flow Rate from Faucet	>0.8 GPM @ 50 psi
Feed Water Pressure	20 – 100 psi
Daily Production Rate	600 gal/day
Waste Water Ratio	65% recovery rating
Plumbing Connections	3/8" Fittings
Product Dimensions (Est.)	19.5" H x 19" D x 9" W

Pre & Post Filter

Membrane Filter

6 Month Filter Life
