# SmartHQ™ Leak Detect Kit

Model: SPLK10N01A

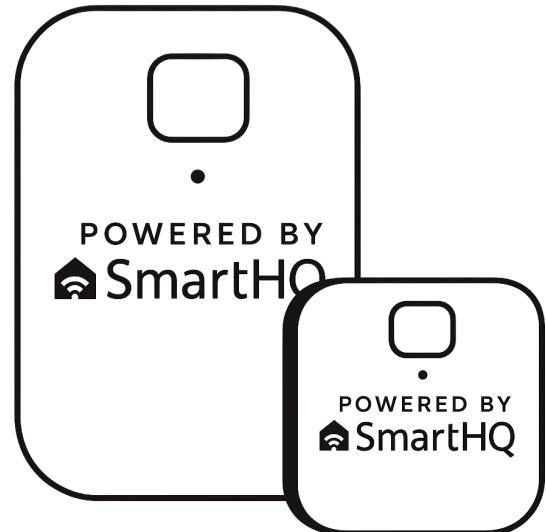

The leak detection kit designed to provide early warning of water leaks. It integrates seamlessly with the SmartHQ™ platform, allowing users to monitor potential leak zones remotely. Ideal for placement in high-risk areas like under sinks or near water heaters, the kit offers a proactive solution for homeowners or property managers looking to mitigate water damage and maintain control over their property.

## Key Features

- **Multi-sensor gateway:** One gateway connects up to five sensors.
- **Flexible placement:** Sensors lie flat or stand on edge in tight locations.
- **Real-time detection:** Probes detect water the moment contact occurs.
- **Instant alerts:** Notifications trigger the moment water contacts probes.
- **Wireless deployment:** Fast install with no wiring and long battery life.
- **Centralized monitoring:** Monitor leaks in SmartHQ Home or SmartHQ Management App

## What's in the box?

- 1 Gateway
- 1 Sensor
- USB Cord
- 2 AAA Batteries per sensor

## Technical Specifications

Connectivity	2.4GHz Wi-Fi only
App Support	SmartHQ (Android/iOS)
Installation	User-installable; no tools required
Weight	0.2 lbs (approx.)
Dimensions	2.5" x 1.5" x 0.75" (approx.)

## Warranty

1-Year Limited Warranty
