# SmartHQ™ Connect+ Module

Model: PBX23W00Y1

The SmartHQ™ Connect+ Module enables select GE Appliances to connect to Wi-Fi, providing remote monitoring and control via the SmartHQ app. Ideal for enhancing appliance convenience, this module supports voice integration and over-the-air software updates.

## Key Features

- **Wi-Fi Connectivity** – Enables smart control and monitoring through the SmartHQ™ app (iOS/Android).
- **Voice Assistant Compatible** – Works with Amazon Alexa and Google Assistant.
- **Remote Notifications** – Sends cycle alerts, maintenance reminders, and status updates.
- **Software Updates** – Allows OTA updates to improve appliance performance.
- **Plug-and-Play Installation** – Easy to install into a dedicated appliance port.

## What's in the box?

- SmartHQ™ Connect+ Module
- Quick Start Guide
- Ethernet Cable

## Warranty

1-Year Limited Warranty
